# Professional Piston Compressors

Australian range of Automan Aluminium and Cast  
Iron Piston Compressors

# About the Professional Piston Compressor Range

Complete range of Professional Piston Series compressors for the Australian market for your compressed air requirement.

## Range

- from 1 hp to 15hp in Aluminium and Cast-Iron segment.
- Belt driven
- Aluminium Piston range – for Cost efficient & light weight machine for low duty demand.
- Cast Iron Piston range – for heavy duty demand and rough conditions.

**Automan Aluminium range** is designed for applications where there is regular reliance on compressed air. **AB series of piston compressors** are designed with slow running compressor block for long service life. The aluminium design is lighter weight option and provides easier mobility. Designed and built by Atlas Copco, is perfect choice when you have higher compressed air demands and portability is needed.

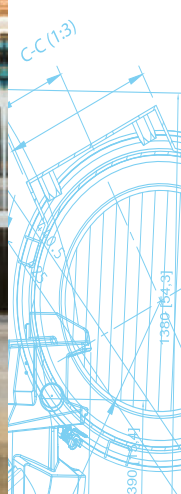

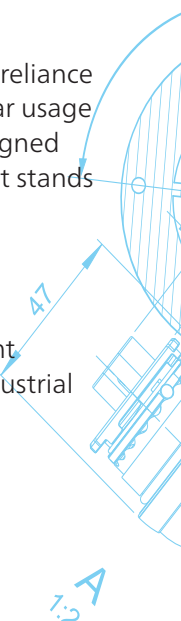

**Automan Cast Iron range** is designed for application where there is a regular reliance on compressed air. **AT & ATB cast iron piston compressors** are built for regular usage and with its cast iron blocks it is perfectly suited for the Australian market. Designed and built by Atlas Copco, this is the heavy-duty cast-iron piston compressor that stands out as a workhorse in industrial setting.

## Application

Wide range of low duty applications like cleaning, inflation, spray painting, light pneumatic & power tools, light duty workshop applications or intermittent industrial processes.

## Support

- Service kits complete with all necessary parts
- Genuine parts guarantee
- Cost-effective service solution
- Off-the-shelf availability.
- Automan Fluid is a specifically formulated lubricant
