GA75VSD+

The first compressor certified with MyHijau mark

Variable Speed Drive Compressors
GA 7-110 VSD+

Oil-injected rotary screw compressors

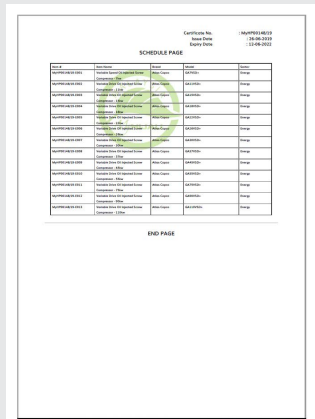

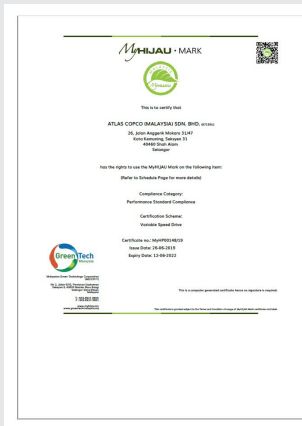

GA7-110VSD+ (7-110kW/10-150HP)

The first compressor awarded with MyHijau Mark

MyHIJAU is Malaysia's **official green labelling scheme** endorsed by the government of Malaysia, bringing together **certified green products and services** that meet local and international environmental standards under one single mark.

MyHP00148/19

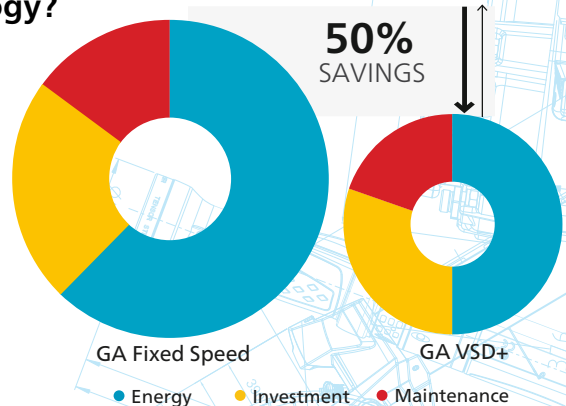

GREEN TECHNOLOGY TAX INCENTIVES

Investment Tax Allowance (ITA) of 100% of qualifying capital expenditure incurred on a green technology project from the year of assessment 2013 (date on which the first qualifying capital expenditure incurred is not earlier than 25 October 2013) until the year of assessment 2020. The allowance can be offset against 70% of statutory income in the year of assessment. Unutilised allowances can be carried forward until they are fully absorbed.

Why Atlas Copco Variable Speed Drive+ technology?

- On average 50% energy savings with an extensive flow range (20-100%).
- Integrated Elektronikon® Graphic controller controls the motor speed and high efficiency frequency inverter.
- No wasted idling times or blow-off losses during operation.
- Compressor can start/stop under full system pressure without the need to unload with special VSD+ motor.
- Eliminates peak current penalty during start-up.
- Minimizes system leakage due to a lower system pressure.
