A portfolio of strong brands

Growing in the right way

Atlas Copco is committed to sustainable, profitable growth. We do everything we can to create lasting results with responsible use of resources.

The goals we set in each of our focus areas are essential to fulfill our mission.

Atlas Copco in Thailand

We are customer center to supported our customer by a nationwide sales, distribution, and service network to ensure that products are running at maximum efficiency and minimum downtime at our customers' sites.

We are the regional hub supporting our operation in the other GMS (Greater Mekong Sub-region) countries of Myanmar, Cambodia, and Laos. We now employ over 240 people in Thailand and includes our business partner around 4 countries. More than half of our team are field-based, close to customer, and highly trained to support our customers.

Our values drive customer success

Commitment

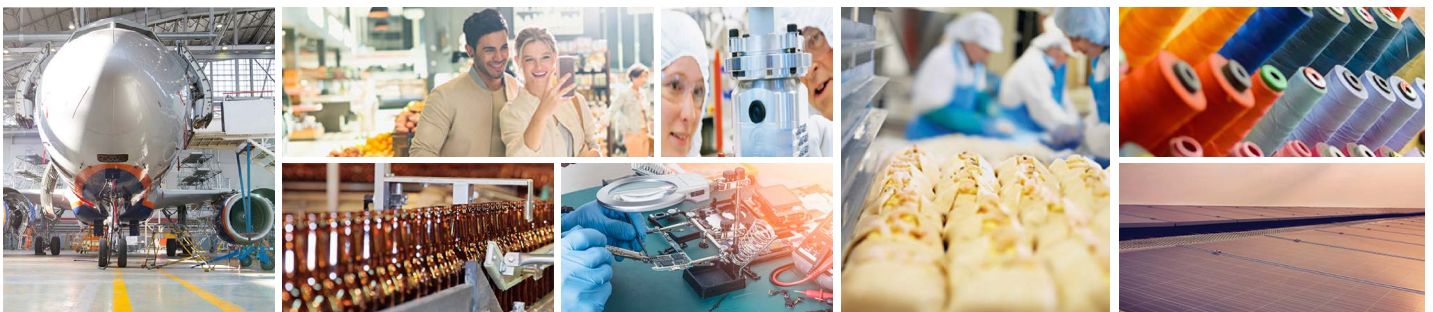

Interaction

Innovation

Customers in all industries

Compressed air is everywhere

Our energy efficient compressors provide clean air with perfect accuracy and are trusted by customers in all industries.

Connectivity as a state of mind

We work side-by-side with our customers to develop tools and solutions for smart and efficient factories.

Adding value with vacuum

Our leading vacuum and abatement solutions enable connectivity and the Internet of Things.

Powering the world

Our innovative tools and power equipment solutions are built to cope with the toughest situations.

The future of service

Our service engineers use the latest technologies and tools to predict maintenance needs and secure uptime.
