

Process Cooling Solutions

Introduction

Atlas Copco Group enables technology that transforms the future. Over 150 years, we innovate to develop products, services and solutions that are key to our customers' success. By acquiring EUROCHILLER a leading Italian manufacturer of industrial cooling systems founded in 1990, Atlas Copco Group has expanded its product portfolio, enhancing our ability to increase the productivity of customers.

Atlas Copco Services Middle East is a regional customer center of Atlas Copco Group located in Dubai. Our customers are supported through a broad network of sales, distribution and service across UAE, Oman, Qatar, Bahrain, Iraq and Yemen, to ensure that products are running at maximum efficiency and minimum downtime at our customers' sites.

UNITS**

PRODUCT LINES

Process Water Chillers

Models	Capacity (kW)	Type	Technology
TCX	4 - 90	Air-cooled	Scroll Compressor
TCA	50 - 215		
TCS	190 - 610		
NAX	4 - 1100	Air-cooled / Water-cooled	Scroll -Screw compressor
ROSSOBLU	13 - 130		
ICEtemp	4 - 94	Water-cooled	Scroll Compressor

*Optional impeded tank and pump (s)

Temperature Control Units

Models	Capacity (kW)
3FLOWSevo	3 - 24
ET	12 - 144
Heating and cooling solutions	

Process Water Coolers

Models	Capacity (kW)	Type
TDV-AD	100 - 750	Adiabatic
AD Coolers	82 - 1220	

Process Air Chillers

Models	Capacity (kW)	Airflow (m3/hr)
BRA+	2 - 169	250 - 17000
AIR+	13 - 94	300 - 7500
ABFevo	29 - 230	800 - 1200

Blown Film Cooling

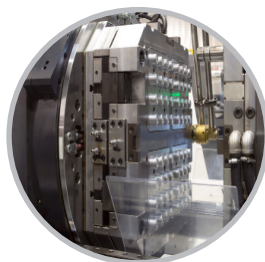

Application

Film & Sheets

Blow Molding

Injection Molding

Labelling / Printing

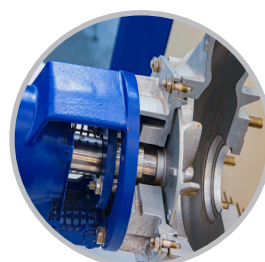

Food & Beverage

Healthcare

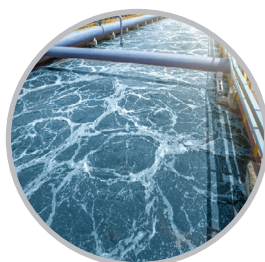

Fish Farming

General Machinery Cooling

Cement

Water Treatment

Domestic Water Cooling

Regional technical support and service

Total customer care is our ultimate goal. We can provide professional service on time from spare parts to proactive monitoring and control, to auditing and optimization, we have the aftermarket service that suits your needs.
