

# *Atlas Copco – Lease to own program*

- On-site Nitrogen and Oxygen generators
- Guarantee annual savings
- No hidden cost
- ZERO interest

*Atlas Copco*

## Lease to Own Program (by third party)

### A Secure Supply of Nitrogen and Oxygen

Whether your company is specialized in chemical manufacturing, electronics, laser cutting or food and beverage, a dependable supply of industrial gas is crucial. Compared to the on-demand delivery of gas bottles or tanks, on-site production of gas offers a wealth of advantages ranging from cost savings to continuous availability. Atlas Copco's advanced nitrogen and oxygen generators offer you the ultimate solution: flexible on-site production of industrial gas at the lowest possible cost.

### Increased efficiency, reliability and productivity

Our offered Lease Program is designed with your business in mind. Our solutions provide the support you need to make smart financial decision for your business.

### Talk to our experts

Our experienced sales team are willing to work with you to explain this program that fits your business needs. Our Commercial Financing program provides options that can be tailored to meet your objectives.

### Benefits

- Flexible terms
- Lower monthly payments
- Optional: full service solution combined with 5 years warranty

## Financial Analysis of the Lease Program

Installment	Cost of leasing bottles (AED)	Running cost of on-site gas generation (AED)	Cash flow (AED)
