## Chicago Pneumatic Industrial Solutions

CP offers a full range of tools and solutions for the shipyard industry that helps to increase:

Safety

Productivity

Cost Savings

### GRINDERS AND SANDERS

#### **CP3019 Series** High Performance in a Compact Body

- 0.5 hp governed motor for increased productivity
- Up to 40,000 rpm free speed
- Insulating composite over housing

#### **CP9113 Series** Robust Steel Construction

- Short & long version available
- 1 hp motor
- 25,000 rpm free speed

#### **CP3040 Series** Robust Steel Construction

- 4" wheel capacity
- 1 hp motor
- 13,500 rpm free speed

#### **CP3119 Series** Best in Class Die Grinders

- 1.2 hp governed motor for increased productivity
- Up to 24,000 rpm free speed
- Up to 2,000 Hours Maintenance Intervals

#### **CP3249 Series** Performance in Heavy Applications

- Double action safety lever 6" & 8" wheel capacity
- Up to 3.6 hp governed motor for increased productivity
- Up to 6,000 rpm

#### **CP5080-5220H18** Large Surface Belt Sander

- 18" belt sander
- 0.75 hp
- Easy change of abrasives and contact arm

#### **CP3550 Series** Industrial Angle, Die Grinders & Sanders

- 1.5 hp governed motor for increased productivity
- Rotative air swivel
- Same repair kit throughout series

#### **CP3650 Series** Premium Industrial Angle Grinders & Sanders

- 2.4 hp governed motor for increased productivity
- Autobalancer available with 5" & 6"
- Easy adjustable 270 swivel guard
- From 4" to 6" angle grinders

#### **CP3850 Series** Premium Industrial Angle Grinders & Sanders

- 2.8 hp governed motor for increased productivity
- Heavy duty spiral bevel gear
- Low profile angle head

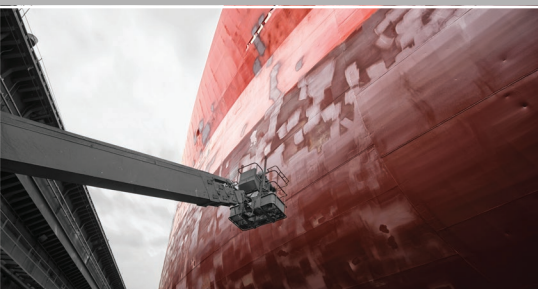

#### **CP33 Series** Best in Class Vertical Grinders

- CP3330: 3.7 hp & CP3340: 4.5 hp
- Over speed shut-off device for enhanced safety
- Same repair kit throughout series

#### **CP72 Series** Industrial Orbital Sanders

- 0.3 hp orbital sander
- Ideal for versatial sanding application
- 3/32" & 3/16" orbits
- Self-vacuum and central-vacuum available

Chicago Pneumatic Industrial Solutions

## DRILLS

### CP1114 Series 0.5 hp Powerful

- 6 Models from 500 to 4,000 rpm
- 3/8" & 1/2" industrial chucks
- ATEX offerings for explosive environments

### CP1117 Series 1 hp Power & Precise

- 18 models from 500 to 6,000 rpm
- 3/8" & 1/2" industrial chucks
- ATEX offerings for explosive environments

## IMPACT WRENCHES

### ATEX Certified Impact Wrenches 1/2", 3/4", & 1"

- Max Torque: 1,290 ft. lbs. of power
- Dust-proof bronze muffler
- Twin hammer in oil bath
- Steel clutch housing for durability

### CP6060 Series Maintenance & Production

- Max. Torque: 1,100 ft.lbs. of power
- 3/4" & 1" square drive
- Reliable 2-jaw clutch

### CP6500 Series Best Performer for Production Applications

- Max. Torque: 625 ft.lbs of power
- 1/2" industrial impact wrench with pin-type socket retainer
- Twin hammer clutch with oil bath

### CP6070-P15H Lightweight 1" Impact Wrench

- Max. Torque: 1,100 ft.lbs. of power
- Reliable 2-jaw clutch
- Durable reverse & steel trigger

## HAMMERS, CHIPPERS, RAMMERS & SCALERS

### B Series Needle Scalers Vibration-Damped Needle Scalers

- Up to 3,800 blows per minute
- 2.9 joules - 15.9 joules
- Low vibrations for smooth operations

### CP42 Series Ergonomic Squeezers and Hammers

- 7 models of hammers to cover all frequently used rivets
- For rivets up to 3/8"
- Use together with the Chicago Pneumatic bucking bar for good ergonomics

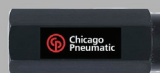

## ACCESSORIES

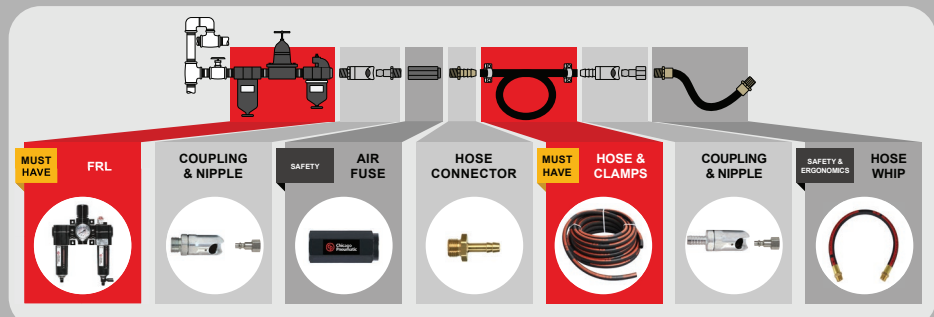

### Air Flex (1/4", 3/8", 1/2")

- Easier to work on hard to reach areas
- Less hose wear

### Air Fuse (1/4", 3/8", 1/2", 3/4", 1")

- Helps prevent hose whiplash
